## IN THE HEART OF THE ACTION

*The smiles of genuine Thai hospitality.*

*Exciting international nightlife.*

Pattaya's most convenient resort is also its most international. You are likely to hear over a dozen languages spoken among our guests. And, of course, our staff, too, is fluent in many languages. But the most important message they will communicate to you may not be in any language at all. It will be spoken in the genuine smiles and sincere gestures of their own calm, gentle, and uniquely Thai culture. It is really a very simple message: "We will do whatever we can to make your stay with us as memorable and comfortable as possible."
